

Practical 3

Reference: <https://www.w3schools.com/html/default.asp>

HTML Images, Favicon and Table.

Modify the webpage created in Practical 2 with the following:

1. Align the photograph under your name in the center of the page.
2. Add a favicon image to your page.
3. Put the basic details in the table as shown below:

Date of Birth	xyz
Birth Place	xyz
Father Name	xyz
Mother Name	xyz
Permanent Address	xyz
Contact Number	xyz

Table should have the following properties:

- a. First column contains the headings, so use appropriate tag for table headings.
- b. First column data should be centrally aligned.
- c. Second column data should be right aligned.
- d. Boundary should be as shown above.

4. Put Education Details in the table as shown below:

	School Name	Marks Scored	Favorite Subject	Marksheet Snapshot
10th	xyz	xyz	xyz	
12th	xyz	xyz	xyz	

Table should have the following properties:

- a. First column and first row contain the headings, so use appropriate html tag for table headings.

- b. First column data and first row data should be centrally aligned. All the remaining should be left aligned.
- c. Color of all the cells should not be white, whereas the color of the boundary should be white.
- d. Put the snapshots of your marksheet in the cell. Keep the size of the marksheet similar to that of the passport.
- e. Give a caption to your table.
