

Practical 4

Reference: <https://www.w3schools.com/html/default.asp>

HTML Lists, Classes and IDs.

A. Modify the web page created in Practical 3 with the following:

1. List the ExtraCurricular Activities listed using bullet points.
2. Set different style to the following attributes of the two tables present in practical 3:
 - Border color, Cell color, and Text alignment as left or right of the two tables should be different.
 - One should have a double border and another should have a single line border.
3. Button “Jump to the beginning of the page” is created to scroll the page at the top and the social media buttons should have different style sets.

B. Design the table as shown below:

Day	Seminar		
	Schedule		Topic
	Begin	End
